MEDITERRANEAN CALM

Our collection Mediterranean Calm is based on minimalistic pieces made from natural materials, which take us to the warmness of the Mediterranean and bring us the calmness of the sea waves on the shore. Pure and simple lines, rounded shapes to decorate unique spaces.

Through different materials, such as wood, wicker or iron, we accomplish a natural balance: Elegance and stillness, tangled with each other. Pieces that, as the sunlight does when it enters through the window, brighten up the space in which they are.

Skyline Design covers are backcoated to resist water, oil and dirt, functioning to protect the furniture. They are not recommended as a permanent cover for cushions, as moisture may collect and lead to the formation of mold stains. Furniture and cushions should be thoroughly dry before using the covers. Please note that the covers are especially tailored to your furniture item and precise placement is required (indicates by the yellow or brown piping). Never pack or fold covers that have become wet; instead, let them dry in a well-ventilated place. Use a soft cloth and warm water to clean the covers, using a gentle upholstery cleaner if necessary. Solvents are not suitable for cleaning the covers as these are aggressive to the surface and may cause damage and decoloration.
